## PREFATORY NOTE

---

The town of Norwich has been fortunate in the possession of a historian of unusual ability, fidelity and accuracy. The reader is therefore referred for all details concerning its story to Miss F. M. Caulkins's admirable *History of Norwich*, (Hartford, 1866). It may here be noted that Norwich was settled in 1659, under the name of Mohegan, and received its present name in 1662. The original township was much larger than its present extent. Beside the portion now known as Norwich, it embraced a part of Preston, including the present township of Griswold, till set off in 1687. Till 1786, it embraced the present townships of Bozrah, Franklin, and Lisbon; and, till 1861, the present township of Sprague. Till the times of these separate incorporations the vital statistics of these towns will be found in these volumes. The population of Norwich at the several censuses during the last century and a half has been as follows:

1756	.	.	.	5840
1774	.	.	.	7327
1790	.	.	about	3353
1800	.	.	about	3533
1810	.	.	about	3528
1820	.	.	.	3634
1830	.	.	.	5169
1840	.	.	.	7239
1850	.	.	.	10261
1860	.	.	.	14048
1870	.	.	.	16653
1880	.	.	.	21141

Ecclesiastically the First Society was that of Norwich Town which was the earliest portion of the territory to be settled. The Second Society was in the district known as West Farms or

Franklin. The Third Society was in what was successively known as Newent and Lisbon. The Fourth Society was approximately in the territory called New Concord and afterwards Bozrah. The Fifth Society was that denominated the "Long" or "East" Society in Preston. The Sixth Society was in that part of Norwich known as Chelsea and is now called the Second Society. The Seventh Society, formerly known as Pautipaug, is now extinct. The Eighth Society was formerly called Hanover, now the town of Sprague. The Church Records of all these societies, where extant, have been copied by the Connecticut Society of Colonial Dames of America and these copies are in the possession of that Society.

## PREFACE

---

These volumes have been prepared and published by a Committee of the Society of Colonial Wars in the State of Connecticut appointed at a Special Court of the Society held in Hartford on May 6, 1912. By that Court the Committee was ordered

“to consider the matter of recording the cemetery inscriptions of Connecticut, not already published, and any other work of preserving records as they may recommend.”

As directed by this vote the Committee reported to the General Court of the Society held in New Haven on May 28, 1912, proposing to print the vital records of the Town of Norwich as those of one of the most ancient and important of the civic communities of the State. The recommendation was approved by the Society, an appropriation for its prosecution was made, and the Committee entrusted with the task.

In the execution of its work the Committee has endeavored to secure the utmost accuracy of reproduction in spelling, punctuation and completeness of record, so as to put the reader in complete possession of all that the vital records contain.

A beginning of similar publication has already been made by the Connecticut Historical Society through its printing of the records of Bolton and Vernon. Counting that volume as Number One of the series, the Society is glad to link this publication with it as a second in what it trusts may speedily become an extensive issue of Connecticut vital statistics. It is the hope of the Society that the success of these volumes, if their reception shall prove favorable, will induce other patriotic societies to undertake a similar work for other Connecticut towns, and that the task may ultimately be assumed by the commonwealth itself.

The scope of these volumes is to present everything contained in the town records of Norwich in the way of vital statistics previous to the time when these records began to be kept under the more careful and elaborate system now in force. The vital

records of Norwich are contained in seven volumes, all of which are in good condition except the first. An excellent copy of that volume has been made for ordinary use. In the transcriptions here published, the original has been followed. The early Probate Records of Norwich may be found in New London.

The Committee desires to express its gratitude to Mr. Charles S. Holbrook, Town Clerk of Norwich, for his helpfulness, courtesy, and constant assistance in the prosecution of its task.

# FIRST BOOK OF RECORDS—NORWICH

---

[This volume contains, in addition to the following Vital Records, a few pages of Cattle Marks which commence on the first leaf with the book reversed and extend to the reverse side of the last leaf of Vital Records. The record, as printed below, is an exact copy following the ancient spelling and punctuation, the old pagination being retained in black faced, bracketed numerals. There are a few leaves of an ancient index which are not herewith reproduced; but which have been carefully studied, and all information amplifying the text has been added to it by footnotes, and the single complete entry which appears therein is as follows:]

Josiah Gayller of norwich Died, the 24<sup>th</sup> day January  
1726/7

[An excellent copy of this volume apparently at least one hundred years old is the one which has been almost exclusively used in the Town Clerk's office. This copy has been carefully compared with the original herewith printed. No attempt has been made to retain the pagination of this copy, which differs somewhat from the original; but information from it, not contained in the original, has been added in brackets as in the first line of the text herewith.]
